WHO WE ARE

We exist so Africa can prosper.

Big Five Group™ is a multi-pillar African enterprise headquartered in KwaZulu-Natal. We feed Africa with fortified foods and UMTHOMBO™ waters, educate leaders through Super-Cube® and empower trade on SupplierAdvisor®.

Regenerative agriculture, nutrition, vitamin- and mineral-infused water, ethical commerce, delivery, leadership and philanthropy sit in one group, not as separate brands. Our home is KwaZulu-Natal; our ambition is Africa-wide.

At the heart of the Group is Big Five Foods™: fortified porridges, soya minces, one-pot meals and soups for households, schools and institutions, including three 5kg institutional packs approved by the National Department of Basic Education for the National School Nutrition Programme (NSNP).

MISSION & VISION

Feed. Educate. Empower.

Our vision

A prosperous Africa

For everyone on it: where well-being is not a privilege, families eat with dignity, leaders decide with integrity, and communities build economies they own.

Our mission

One mission, three focus areas

We put our skills, capital, platforms and relationships to work where they matter most, so Africa can feed its people, educate its leaders and empower its enterprises, with evidence-based models aligned with the UN SDGs, including Zero Hunger, Quality Education and No Poverty.

Our name celebrates Africa's Big Five: lion, leopard, rhino, elephant and buffalo, symbols of strength, resilience and abundance captured in our circular seal. Five also speaks of grace and provision, as in the five loaves that fed thousands: nutrient-rich food within reach of rural and urban households alike.

Humanity

People come first: dignity, well-being and the common good. Ubuntu in practice.

Innovation & progress

New products, better systems, smarter platforms, so Africa never has yesterday's tools.

Integrity

Honesty, transparency and ethical commerce; companies verified on SupplierAdvisor® where applicable.

Excellence

World-class standards in food, leadership, project delivery and partnerships.

Compassionate empowerment

No dependency: we transfer skills, open markets and build capacity.

Humility & collaboration

We learn, partner and improve with governments, enterprises and communities.

GROUP DIVISIONS

Eleven pillars. One mission.

Each pillar of Big Five Group™ is a deliberate instrument of the mission. Agri grows it, Foods makes it, Waters refreshes, Direct moves it, Access funds it, Connect verifies it and Impact delivers it. Big Five Learn develops the people; Foundation, Royal and Global carry it further.

CHAPTER · FEED

Grow it. Make it. Refresh it.

Big Five Agri regenerates the land. Big Five Foods™ nourishes people. Big Five Waters™ brings UMTHOMBO™ — vitamin- and mineral-infused sparkling and still water — to the table.

FEED · AGRI

Soil. Sovereignty. Scale.

Big Five Agri works with rural farmers across Africa to regenerate farmland, raise livelihoods and feed Africa with verified, regenerative produce — so fortification and logistics have something real to move.

- Partner with rural smallholders and cooperatives as primary producers.
- Train farmers in climate-smart, regenerative techniques.
- Build value chains that leave more income on the farm.
- Combine practical know-how with tools rural producers can use.
- Design programmes with farmers — not imposed on them.

01

Regenerate & verify

Farmers onboard with soil data, satellite monitoring and regenerative protocols. Every hectare is measured, not assumed.

02

Connect & transact

Buyers access inventory, quality CoAs and provenance. Where applicable, orders run through SupplierAdvisor® with real-time feedback.

03

Impact & scale

Dashboards show income uplift, biodiversity gains and CO_2 outcomes — ready for governments, DFIs and buyers.

CHAPTER · EDUCATE

Leadership is learnable.

Big Five Learn accelerates leadership development in Africa through Super-Cube® ethical leadership — one model for executives, public servants and the next generation.

EDUCATE · BIG FIVE LEARN

Leadership is learnable.

Big Five Learn accelerates leadership development in Africa through Super-Cube® ethical leadership. The model places you at the centre, with six developable faces of leadership, taught on super-cube.me and in facilitated programmes.

Super-Cube®

A doctoral leadership model: six faces, measured and developed, not a slogan.

Programmes

Pathways for kids, adolescents and adults, with an 8-week pilot ready to run.

Evidence

The model was tested before it was taught. Leadership Is Learnable sets out the evidence.

The book

Leadership Is Learnable by Dr Craig R. Muller (Big Five Group, 2026).

CHAPTER · EMPOWER

Verify it. Move it. Fund it. Deliver it.

Big Five Connect runs SupplierAdvisor® so companies can get found, get verified, get trusted and get paid. Around Connect, Direct, Access, Impact, Foundation, Royal and Global move goods, open capital and honour partnerships.

EMPOWER · BIG FIVE CONNECT

Get found. Get verified. Get trusted. Get paid.

SupplierAdvisor® is a supply-chain operating system built around a verified network of companies. Big Five Connect, part of the Empower side of Big Five Group™, runs SupplierAdvisor® so African SMEs, suppliers and buyers can trade with proof.

Get found

Company-to-company connections, marketplace reach and supplier discovery.

Get verified

Company verification and certificate metadata, so counterparties know who they are trading with.

Get trusted

Buyers score every delivery on OTIFEF and peer ratings follow the relationship.

Get paid

POs, quotes, orders and invoices sit on the same books, with payments in the same workspace.

EMPOWER · CONNECT · IN PRACTICE

School nutrition on one verified network.

Big Five Connect runs SupplierAdvisor® so education authorities can align school nutrition delivery: service providers and schools on one verified operating fabric, where approved products, menus and compliance live in the same place as trade.

Trust earned on real trade

Verification, peer stars, OTIFEF and risk live where you buy and sell, so bad counterparties show up before the next PO.

One OS, not a pile of apps

Core modules for network, buy and sell, inventory, make, ship, finance, SHEQ and quality, with industry packs on top.

B2B, B2G and B2C

Private trade, public procurement and a free SA Member wallet share the same verification fabric.

EMPOWER · THE PILLARS AROUND CONNECT
